First day of Term 3

On Wednesday June 5th I commenced my position as Acting Principal of Wilmot Primary School. Thank you to the staff, students and parents who have made me feel very welcome.

My first day couldn't possibly have been any better than taking a contingent of six Wilmot students to the North West Primary Schools Sports Association 2019 Cross Country in Ulverstone, with Mr Ward. Approximately 900 students participated in events from grades 4 to 6, running distances from 1800m to 2500m. With all our competing students finishing their races, combined with Blake Riley coming in the top 10 for the Grade 5 boy's 2200m race, led to Wilmot Primary School winning the Shield for Division E for the first time in history! Well done team!

This Friday, all classes will be going on an excursion to the Arboretum with Mrs Baker, Mr Ward and Mrs Hutt. This should be an enjoyable and educational experience for everyone. I'm looking forward to hearing all the anecdotes.

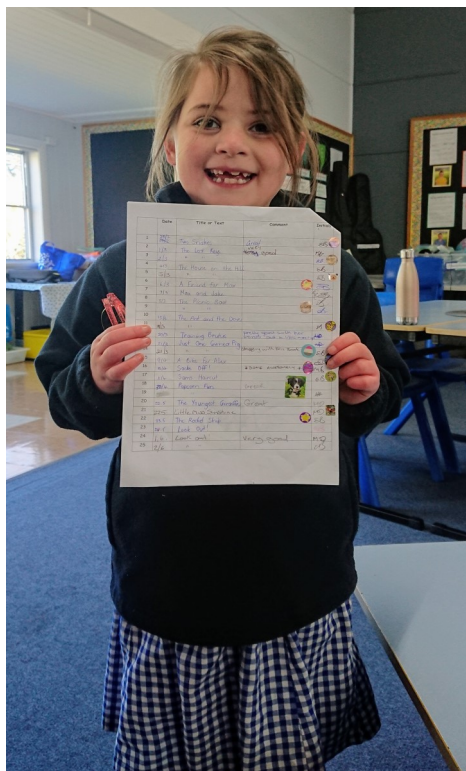

Every Thursday this term, our students have been having a lot of fun and learning a variety of challenging dances from Brendan and Lana, including the Foxtrot and Cha Cha. This is all preparation for the Inter-school Dance Fever Challenge in Ulverstone on Wednesday of Week 10. Parents are welcome to watch.

I have been impressed with the school's Stephanie Alexander program. Alternating weekly, half the children from the senior class work with me in the vegie garden and poly tunnel area. The other half are in the kitchen with Mrs Hutt cooking up a delicious, nourishing lunch for the whole school. Having all the children and staff sitting and socialising together, enjoying Vegetable soup was a wonderful way to finish my first week. My mouth is watering already at the thought of Shepherd's Pie next Healthy Lunch Day.

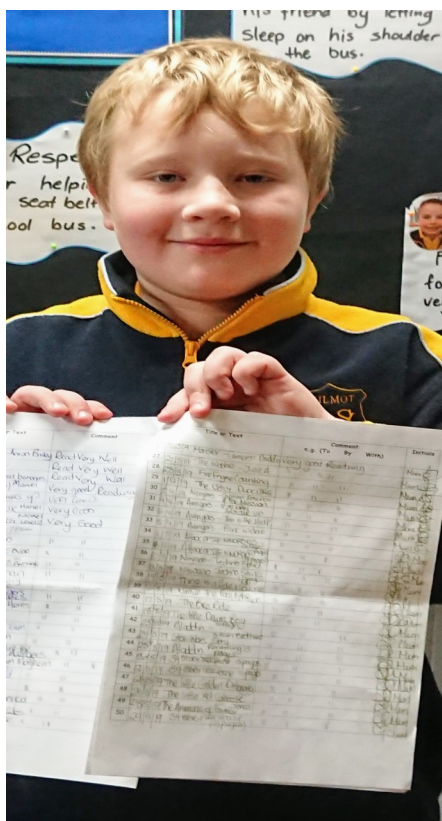

Chris Nock

Acting Principal

## **Wilmot Market News**

Our school had another very successful stall at the Wilmot Winter market, with \$262.50 being raised to go towards the senior class camp. Thank-you to everyone who donated items or produce for our stall, those who came and purchased from our stall, the Children's University students who helped with preparation after school, and Duncan, Taleah and Lilla for serving on the day. It is so pleasing to see the progress these students have made with their confidence to talk to customers and their money handling skills. Well done everyone!

We found an enormous turnip in our kitchen garden, just like the one in the story. It took 4 people to pull it out!

Gathering leaves to add as brown material to our compost bins.

Learning how to do French knitting.

We are getting so clever at writing our names!

The LiL group had great fun putting their new small world tree house together. We had a health and safety officer, a plan reader and a construction crew. They all worked co-operatively to get the job done and showed off their fine motor skills.
